

CAMPER'S PROMISE

You are a unique person. The Fit2cook4Kids program was created especially for you, to prepare you for a lifetime of great health and success.

You will learn about healthy food preparation, yoga and communication/leadership skills, including:
Pathogens, cross contamination, food & knife safety, cutting skills, kitchen tools
Ingredients (good and bad), nutrition and how to read a nutrition label
Preparing nutritious family meals and snacks
Communicating and presenting on food and fitness topics in front of your fellow campers (optional)
Financial literacy and how to manage the money you will earn in the future
Table etiquette, business etiquette and conversation in preparation for job/college interviews
Yoga poses and how to stay fit for the rest of your life

Accomplishing the above requires your commitment. Please read the following. If you're in full agreement, sign and date this document and get ready for an amazing experience!

My signature signifies that I understand and agree with the following:

I understand:

That I will be respected for my unique characteristics and will be treated as if I were an employee in a professional work environment.
